SUMMARY

Electronics and Telecommunication Engineering student seeking IT roles. Highly proficient in software development, Android development, Flutter, and microprocessor projects. Eager to contribute technical expertise and innovative solutions.

SKILLS

Languages: C, C++, Kotlin, Dart, Python, **Back-end:** Javascript, **Front-end:** Flutter, XML, CSS, Tailwind CSS, **Database Management::** MongoDB, SQL, Firebase, **Managing Tools:** Git, Github

PROJECTS

Decentralized storage system using Blockchain Feb 2024
using IPFS Network, Web Tech, Solidity(Blockchain)

- Implemented Blockchain encryption, securing user files with a great success rate in preventing unauthorized access.
- Stored hashmap keys on a local Blockchain Network and files on the IPFS network, enhancing data retrieval speed by 20% and reducing storage costs.

Weather Forecast Application using Flutter, Jun 2024
Flutter, Dart, Git, API - OpenWeather

- Developed a real-time weather forecast application with API integration, providing accurate weather data within 2 seconds for over 10,000 cities.
- Leveraged Dart and Material Design to create a responsive UI.

TicTacToe, Javascript, Tailwind CSS Apr 2024

- Hands-on experience of Javascript DOM and functionalities.

Founder, Designer and Developer at Awara Clothing Startup

- Created and launched a website, facilitating online sales for 500+ T-shirts and managing customer interactions.
- Designed and produced 30+ unique T-shirt designs, overseeing the production process for 1,000+ units.
- Conducted market analysis and competitor research, leading to a increase in sales through targeted branding and marketing strategies.

PROFESSIONAL EXPERIENCE

Quality Assurance Intern, iRiseWebnApp, Ujjain Nov 2022 – Dec 2022

- Led Testing efforts for Hindu Panchang App (5M+ downloads on playstore), enhancing application quality
- Identified and resolved software defects insuring a bug free experience.
- Developed and executed detailed test plan ensuring thorough coverage of requirements

CERTIFICATES

Cloud Computing and Distributed System
NPTEL Course by IIT Kanpur Online

Database Management System
NPTEL Course by IIT Kharagpur Online

Android Application Development
Online Training + Internship
